

Lilywhite Blitta      Johnnie Burns  
The Old Forge

To Peter

This is the best I have ever heard of Genesis, they have captured the atmosphere and sound of the original band. I am very impressed.

The track you sent me was one of my favorites and they have recreated it very, very well. Good luck with the band I think they sound great

Love Johnnie Burns

# I Know What I Like

I like this one a lot  
as the band dosnt play  
it exactley the same  
as the original genesis  
version, so it sounds  
refreshing 5 stars ~~xxxx~~

# Firth of Fifth

Great intro piano, and  
the rest is great.

Full marks!

I need more time to  
write a longer review.  
I look forward to seeing  
the bank live
